

ASSASSINS
ARE AT WORKGovernor General of Elizavet-
grad Killed Today

BY THE REVOLUTIONARIES

Attempt to Kill Governor General of
Moscow Yesterday Resulted in Kill-
ing Two Men, but Intended
Victim Was Saved.Odessa, May 7.—Major General Zhe-
ltonovskii, governor general of Elizavet-
grad, was assassinated this morning by
revolutionaries, who threw a bomb at
him.Moscow, May 6.—A bomb was thrown
at the carriage of Vice Admiral Douba-
soff, governor general of Moscow, as he
was being driven to the palace today.
He was wounded in the foot and his
side-arms and a sentry were killed.
The man who threw the bomb is re-
ported to have been killed. He wore
an officer's uniform.Governor General Douba-soff was re-
turning in an open carriage from the
Spenski cathedral, and the carriage
took place outside the carriage entrance
to the palace. Several bystanders were
injured.According to the route decided upon
in advance, the governor general should
have returned to the palace by the side
entrance, but during the drive he changed
his route and thereby ran into the
bomb which was seeking to avoid.Vice Admiral Douba-soff's life was
saved by the poor aim of his would-be
assassin. The bomb exploded on the
pavement several paces to the rear of
his carriage, hurling the mutilated
corpses of the terrorist several yards
backward and tearing off one arm and
the face of an aide who was descending
from the carriage.Governor General Douba-soff was
thrown from his carriage and under the
horses' heels. His back was burned and
his leg bruised, but he was able to
walk unaided into the palace.The coachman's skull was fractured
and he was taken to a hospital.
It is thought the assassin was the
student in whose room a bomb exploded
Saturday, killing three accomplices,
but who at the time was watching the
palace from a room in the hotel oppo-
site.BOSTON BROKER DIES
BY HIS OWN HANDBusiness Reverses Caused Leland W.
Folsom to End His Life in a
Boston Hotel.Boston, May 7.—Leland W. Folsom,
who had for several years been a fam-
iliar figure in the State street brokerage
business in this city, is dead from a
self-inflicted bullet wound. Folsom re-
sided at the Crawford house Saturday
under an assumed name, and that
evening a shot was heard in his room.
He was found dead, and it was some
time before he was identified. An effort
was made to keep the suicide secret, but
it became known last night. Financial
reverses are supposed to have led to the
act.Folsom came from Maine, and up to
a few months ago was connected with
the firm of Bartlett & Cleveland, 27
State street. Recently he had been so-
liciting business in his own interests.
Folsom was about 45 years old, and is
survived by a wife. The body will prob-
ably be taken to Maine for burial.

GORKY DIDN'T APPEAR.

Had Been Slated to Speak in Provi-
dence, R. I.Providence, May 7.—Maxim Gorky did
not come to Providence yesterday to
deliver a lecture in the Shubert the-
atre on the "Recent Literature in Russia,"
which had been advertised first for the
hall of the Y. M. C. A. and then for the
playhouse, where 1,500 people gathered
in the afternoon.In the 24 hours preceding the hour of
the lecture there had been received no
less than a dozen telegrams from Gorky,
saying that he would come and that
he would not come. These dispatches
were addressed to Fred Hearst, Mr.
Fieldman and A. Reiseroff, all of this
city.

BURY SOLDIERSFirst Accident in Connection With Dy-
namiting of the Dangerous Walls
in San Francisco Took Place
Yesterday.San Francisco, May 7.—The first ac-
cident in connection with the dynamit-
ing of dangerous walls by engineers of the
army took place yesterday. The night-
men were working in the downtown
quarter. They had just exploded charges
of dynamite under the facade of a tall
ruin and a third charge was about to
be fired when the wall fell. Three sol-
diers were buried, but a mass of twisted
iron partly shielded them and only one
was killed.Among churches open-air services
were the rule where the buildings were
unharmed. At Golden Gate park the
usual Sunday afternoon concert was
given before thousands of people. That
the people are beginning to look for di-
version is shown Saturday night
when a great crowd assembled to see
a vaudeville show at a hall in Fillmore
street. The authorities at the last mo-
ment refused to permit the perfor-
mance. Two arrests for selling liquor
were made yesterday.Governor Walsh after revising his list
of victims of fire and earthquake in-
formed Major General Greely that his
total was 319, of which 134 were iden-
tified. This report shows thirty-nine
fewer fatalities than given by a pre-
vious report.Streets of the burned regions were
crowded yesterday by sightseers. Every
train from nearby towns and every
ferryboat was packed with people eager
to get a glimpse of the city's devastation,
and almost every third person carried
a camera.In expectation of the crush of peo-
ple, booths of street fakirs sprang up
over night along the curbs of the cleared
streets, prepared to furnish refresh-
ments, and most of them enjoyed a
profitable trade. In many instances the
booths were labelled with the names
of famous historical battles, and the
incongruity of "hot frankfurters, five
cents," beneath "Palace Hotel," provoked
a smile from pedestrians.Construction of new buildings and
tearing down of ruins continued yester-
day on all sides. Several hundred frame
buildings now appear on the sites of
destroyed structures, and foundations
are being prepared for many more.

PLAYED BALL ON SUNDAY.

Four Arrests at Jersey City Game Yester-
day.Jersey City, N. J., May 7.—A regular
championship Eastern league baseball
game between the Buffalo and Jersey
City teams was stopped by the police
in the first inning yesterday and four
arrests were made on the technical
charge of the club insisting that the
team arrested were pitcher McCaus
and catcher Vandergrift of the local
team umpire Carroll and a ticket seller.
All were admitted to bail, and they will
appear in court today for examination.Only a few tickets had been sold when
it became known that the police were
going to interfere in order to make a
test case as to the legality of playing
such games on Sunday. Manager Wil-
liam Murray of the Jersey City club stop-
ped the sale of tickets and threw the
gates wide open. The game was then
suspended but only one inning was played.
The manager of the club insists that
there was no violation of the law and
wishes to have the disputed point set-
tled as soon as possible.

BODY BADLY DECOMPOSED.

Patrick Shea Had Been Missing from
Keene, N. H.Keene, N. H., May 7.—The body of
Patrick Shea, who had been missing
for about two months, was found just
after noon yesterday on a log in the
center of the Ashuelot river, about two
miles from the city. The body had be-
come so badly decomposed that it was
impossible to recognize it, but the cloth-
ing and a watch found in the pocket
were the same as Shea had at the time
he disappeared from his home. The
body was found by Ernest La Cross and
Samuel Simpson of this city, who were
walking along the river bank.

Say Woman Was Insane.New York, May 7.—Miss Agatha
Waters, a young and beautiful society
woman, and a member of the younger

R. Waters, a prominent man in the
insurance and banking business. After
killing her daughter, Mrs. Waters sent
a bullet through her own brain. The
double tragedy occurred in the Waters'
magnificent home on West 76th street.The only explanation that can be
made by the family is that Mrs. Wate-
rs had been suffering from insomnia
and from worrying over her daughter's
health and became suddenly insane.BURGLARS CLEAN UP
\$150,000 IN SECURITIESAnd Take a Small Amount of Money
from the Strong Boxes in
a Chicago Business
House.Chicago, May 7.—Burglars broke into
the vaults in the offices of the Levi
Z. Leiter estate in Chicago this morn-
ing and cleaned the contents of six
strong boxes. A definite statement of
the losses cannot be made, but it is
said that \$150,000 in negotiable secu-
ties is missing, also a small amount
of cash, which was in the vaults.The police found several thousand
dollars' worth of notes on the office
floor. Manager Crabbe says the papers
taken would not exceed \$20,000 in val-
ue. Of this, \$15,000 is in coupons. The
burglars also broke into the offices of
three lawyers in the same building.
From one they secured \$5,000 worth of
notes, said to be negotiable.

BIG BATTLESHIP FLOATED.

Rhode Island Was Aground in Ches-
apeake Bay.Richmond, Va., May 7.—A special to
the Times Dispatch from Norfolk last
night says:
The battleship Rhode Island was
floated last night after having been
aground on the York Spit bar since Sat-
urday morning. It was due to the ef-
forts of four powerful tugs, the Ucaas,
Wahnetta, Hercules and Molawak that
the big ship was drawn from the spit
and floated. She was floated at high tide
at 6:20 o'clock yesterday afternoon. The
United States cruiser Minneapolis stood
by and saw the Rhode Island pulled off
the shoals and would have assisted in
getting her off but for her inability to
get a heave aboard the battleship.

TAKEN FROM RIVERJoseph B. Davis of Waterbury Was
Drowned in the Winooki Friday
Night—Death Probably Ac-
cidental.Waterbury, May 7.—After a long
search the body of Joseph B. Davis,
who disappeared last Friday afternoon,
was found Sunday morning at about
9:30 o'clock in the Winooki river, a
short distance from the spot where he
was last seen alive. Since Saturday
morning parties have been at work drag-
ging the river. The body was brought
up by John Deal and Arthur Billings.
Davis was last seen sitting on some
rocks on the Moretown side of the
river, a short distance below the More-
town cemetery, and it was nearly op-
posite this point that the body was
found. The first clue was given by a
cane which Mr. Davis had been carry-
ing, and which was found near the
rocks. It is probable that he was tak-
ing a walk or fishing and fell into the
river.The funeral service will be held from
his home in Danbury, Tuesday after-
noon at two o'clock. Mr. Davis leaves
a wife with whom he has lived for
many years, a son, a prominent pub-

IN HIS BODYJohn Holland, House of Cor-
rection Guard, a Suicide

BODY FOUND YESTERDAY

Supt. Morgan Says Theory That Hol-
land Feared Result of Commis-
sion's Findings to Be Pub-
lished Soon.Rutland, May 7.—John Holland, aged
55 years, a guard at the house of cor-
rection in this city, was found dead
Sunday morning at seven o'clock in the
greenhouse, adjoining that institution,
with four bullets in his body.
It was a case of suicide. No one
heard the shots and the first man to
find the body was a prisoner who works
about the greenhouse. The man im-
mediately notified Supt. D. L. Morgan,
who summoned Drs. E. I. Hall and R.
H. Miner. An inquest was held, the
physician deciding that Holland un-
questionably committed suicide. Any
one of the four wounds might easily
have been fatal.One bullet entered the body over the
heart, another above the navel, another
above the lower vest pocket on his right
side. When he fired one of the shots
the muzzle was held so close to his
vest that a hole the size of a 25-cent
piece was scored in the cloth and
through the shirt.The suicide coming as it does im-
mediately after the close of the investi-
gation which has been conducted at the
house of correction by the investi-
gating committee, is thought by many
to be the result of disclosures made be-
fore the committee which were detri-
mental to Holland, but Superintendent
Morgan denies this. He states that
Holland had always been a trustworthy
employee during the 13 years of his
service.About seven years ago Holland re-
ceived a hard blow on the head with
an iron bar while fighting with two
prisoners who were trying to escape.
Since then he has acted strangely at
times and Mr. Morgan believes that the
suicide was the result of that in-
jury.

born in Canada 66 years ago and after

NEEDED IN MONTEPIELIERThinks the City Council There, and So
One of the Four Policemen Has
Been Laid Off in Spite of
the Business Men.The Montpelier city council have de-
cided as a means of economy to lay off
one of the policemen of their city, giv-
ing as their reason that the city will
probably not need so many policemen
now that the city is under the no-license
regime. This action is opposed by the
business men of the city, but the city
council will try it. E. E. Pattee being
the junior man on the force, is the
one to be laid off. This leaves three po-
licemen, including the chief, Officer Con-
nelly, who has done day duty, will go
on night shift with Officer Royce,
and Chief Duncke will be the only day
patrolman.
